'Reaching the Unreached in 2025!'

Dear esteemed members,

As we usher in the New Year, I extend my heartfelt greetings to each one of you! The past year has been one of remarkable progress and enduring challenges, and it is your unwavering dedication and commitment to neonatal care that has brought us through!

As we step into the new year, I am excited to renew our commitment to excellence and innovation in newborn care with the announcement of the **Presidential Action Plan for 2025!** Our plan includes:

- **digiNNF.com** : A platform built for members, enabling social networking, interactive neonatal consultations with experts, and sharing of local/state NNF activities. This platform will also evolve into a resource for social outreach to parents of neonates.
- **Advocacy (Social Outreach) Programs:** Initiatives like the '**NNF HELP**' Project to support neonates with suspected rare disorders.
- **Clinical and Academic Programs:** Programs such as '**Quick Review of Neonatology**' for practitioners, the **Neonatal Nursing Course**, '**All about Sepsis**,' '**Stabilization and Transport of Sick Neonates**,' and weekly '**NeoCapsules**' on current concepts in neonatology. These programs reflect the latest advancements and unique challenges faced by practitioners across India, addressing the evolving needs of neonatal care.
- **Members' Welfare Programs:** Including the '**Lifestyle Medicine Wing**', **Medicolegal Wing**, and **Personal Financial Health Management Wing** of NNF.
- **Strengthening NNF:** Validating, strengthening, and building our various systems to ensure NNF reaches greater heights as an organization.

Friends, Let us all strive to take NNF to greater heights, ensuring that every newborn receives the best start in life while simultaneously fortifying our organisation! I am confident that with your continued support and blessings, we will make the coming year an impactful one for our community and the families we serve.

Wishing you and your families a prosperous, healthy, and joyous New Year!

Warm regards,
Dr V C Manoj
President, NNF 2025
